As an umpire I agree to be at the game site in proper uniform, with all required equipment, 20 minutes prior to scheduled game start time. I will work hard and do my very best to officiate the game in which I have been hired to umpire. If unable to keep my commitment, I will find a qualified replacement and contact the Umpire in Chief, as soon as I know I will not be available. I am aware that the game of baseball can sometimes be dangerous and that the possibility of injury can occur.
